

PREMIUM PACKAGE \$445*

8 manuals covering all aspects of the UMAT and interview. Full curricula plus 1500 practice questions encompassing fully worked examples, banks of all question styles and full NIE UMAT exams.

PLATINUM PACKAGE \$855**

The NIE Platinum Program offers unequalled value and preparation by including early editions of our unique curriculums plus thousands of extra highly valued practice questions. At \$855 the Platinum Package includes about \$1500 worth of course material and practice questions.

DLP \$405*

The next best thing to actually being there! The DLP is a complete self paced, home study course that comes with all of the current NIE upgraded & updated texts, curriculum & practice questions. The texts are easy to follow and all questions are supplied with answers. The DLP has the same course content as the Premium Package minus the one day workshop.

CONCESSION PACKAGE \$395*

To assist financially or otherwise disadvantaged students and families, NIE offers a concession of \$50 off the student fee of the Premium Course. The concession Course has the same course content as the Premium Package.

GROUP DISCOUNTS -\$50

Great discounts are available for students enrolling with two or more friends: \$50 off either the Premium or Platinum courses per student.

(*Add AUD\$50 for overseas EMS postage)
(**Add AUD\$100 for overseas EMS postage)

We also offer interview training but remember that your first goal is to achieve a score that will gain you an interview, and with a fail rate of greater than 85%, exam preparation must be your focus until after the UMAT.

PLANNING TO SIT THE

UMAT
IN 2010?

FOR ENTRY INTO MEDICINE, DENTISTRY,
PHARMACY, OPTOMETRY,
ORAL HEALTH AND PHYSIOTHERAPY.

We can help!

WE CAN HELP!

Established in 1999, The National Institute of Education (NIE) conducts UMAT Preparation courses aimed at developing the knowledge, skills and strategies required to maximise your entry potential. NIE is a Government Registered Training Organisation that deliver both accredited and non-accredited educational programs. Our teachers are fully qualified, experienced and committed to the standards of excellence in education and teaching and are supported by expert staff and advisors including a range of Health Care Professionals, Social Workers, Academics and practicing Clinicians. Our UMAT teaching staff have all sat the UMAT and have an academic background directly relevant to the three respective sections of the UMAT.

OUR UNIQUE APPROACH...

To researching, teaching and reviewing has put us at the forefront of test preparation tuition. Students are treated as individuals, with a level of respect deserved by such high achievers, and the approach of our staff is to nurture their progress through a balanced program of self directed learning, face to face teaching and proactive feedback. The NIE staff are committed to supporting each of our students from the time they enrol until after the interview process and our program is specifically designed to maximise a student's preparation time without detracting from their other studies.

NIE IS STILL THE ONLY PROVIDER OFFERING:

- Hardcopy manuals for every section
- Individual expert teachers for each section of the UMAT
- 100% all new practice questions and tests every year
- 24-hour support 365 days a year
- a UMED 5 star rating (see umed.edu.au)
- a revolutionary interview training program that has proven to have a 100% success rate.

NIE has also run preparation workshops for the Graduate Australian Medical Schools Admission Test (GAMSAT) and is the only provider to have run courses in both Darwin and London, and the only prep provider to have benefitted from department of education funding.

OUR NOTES INCLUDE:

Eight Books with over 700 pages of specialised curriculums and well over 1500 quality practice questions. All written by our committed PreMed Prep Team.

We extensively research and rewrite our notes every year, including new practice tests, resulting in the most up to date and relevant preparation available. Whilst seven of our books are supplied as hard copy the starter pack is emailed as soon as students apply providing instant access to the first installment of our balanced preparation program.

OUR WORKSHOPS INCLUDE:

An overview of the total UMAT process (exams, scores, standardising, applications, university requirements, interviews & more) including past experiences, professional advice and performance expectations.

Strategic Problem Solving and Tuition in each of the three Sections; Highly experienced and expert lecturers define & explain each area.

A full Practice Exam conducted under exam conditions, followed by a feedback session where every question from the exam is openly discussed; Expose your true strengths and weaknesses.
